Protection and preservation of natural areas

Inset Map

IDENTIFIED CHALLENGES	WHAT ARE YOUR TOP 3 CHALLENGES TO ADDRESS? Use a dot to indicate each of your top 3 choices.	ANY OTHER CHALLENGES TO ADD? Write your comments on a Post-it Note and stick it below.
Environmental Concerns: Slope erosion, stormwater management issues, flooding, stream bank protection		
Balance between amount of preserved versus developed land in order to maintain natural beauty		
Housing: Values, maintenance, attract younger families, options for older adults		
Roads/Traffic: Mayfield/Chagrin River Road, speeding, noise, walkability on streets/paths, road maintenance		
Utility Concerns: Electrical power: frequent, prolonged outages, broadband/cell service, safety, trash pickup, septic systems		
Communication/Engagement: Perception, tension between tradition and progress, some residents do not feel connected to the Village, engage younger families, events and neighborhood events		
Village Government: Communication from Village		
Property maintenance, zoning, historic district and other regulations: Enforcement, application, review processes		
Tax Base/ Financial State of Village		
Continuity of Service Concerns: Future interest in serving on Council, Boards, Commissions		
Village Center: Destination for residents, more places to gather desired, more recreation opportunities		
More Development in Village Center: Parking issue, attracts outsiders		
Bike/walking accessibility		
Uncertain Future: Post Office, Gates Mills Elementary School
